An approved application with the appropriate signatures will be forwarded to the Tribal Police Department. At that time you will be allowed to apply for the firework sale permit. This process takes about a week.

It is your responsibility to schedule inspections before you open for business. When you receive your approved firework sale permit, you may begin setting up for business.

Please be aware that it is a violation to build or disturb land without an approved permit. This includes moving a trailer to a new location. Violators will be fined up to \$100/day and may be required to remove or mediate work already completed. If a violation is found, the business will be immediately shut down and the Tribal Police Department will be contacted at which time they will issue a written citation for the violation.

**Within 48 hours of the last date of sales, you will be required to turn in receipts from an approved landfill, (Delano or Okanogan) indicating that you have complied with your Compliance & Utilization Disposal Plan.
